Search Approved Bonds By:

Owner/Obligee

Contractor

Bond Number

©1997 AAWS Web Services

This is the main menu. The system has identified the user and the date. From here you can navigate to any part of the system. Look across the horizontal bar. You can enter a new bond, search for an approved bid bond, search for an approved bid bond that is over 180 days old, search for a pending bond, or search for a dead bond.

Let's start by searching for all pending bid bonds. A pending bid bond is a bid bond that has been entered into the system but, is waiting to be approved.

Click on "pending bonds" on the horizontal bar.

This is a very valuable tool for the surety agent. As each bid bond is entered into the system for your agency, the bid bond will be listed here in chronological order of bid date. This screen can be used as a daily work list of bid bonds to be approved. The appropriate surety company can see the pending bid bond and accept it as the bid bond request. To the right of the screen is "edit" and "view". (sorry, the printer cannot print items that you must scroll to the right to see on a monitor.)

Let's click edit. (remember, you cannot see "edit" here but, you will be able to see it on your monitor).

This is a pending bid bond. It is a review of the information as it will appear when it is approved. You can change the bid date, estimated contract price, amount of bid bond, ifb number and the description of the job. Then you can return it into the pending list, approve the bid bond, or send it into the dead file where it cannot return.

This is a final review of all the information before the bid bond is executed. THE DATE OF THE ENTRY TO THE SECOND IS ARCHIVED. The entry date and time will become the time of execution on the next screen. Note: just as a paper bid bond must be issued on time for a bid letting, a Surety2000 bid bond must be approved prior to the bid letting time. The owner/obligee will take note of this time. The NAIC code is also listed in order to specifically identify the surety.

Review the information and click on "Finish". The next screen is the bid bond.

This is your electronic bid bond. The code at the top is the "authorization code". This code must be given to your contractor. The contractor will present this code at the bid letting along with the bid. The owner/obligee will login to Surety2000, insert the "authorization code" and view the bid bond as you see it here.

The surety will be able to view all executed bid bonds by their agents.

You may print this screen and use it to fax the code to your contractor and retain it for your records.

A bid bond can be executed or put into pending by knowledgeable surety personnel in less than ninety seconds.

Surety2000 has been proven to save money, decrease errors, deter fraud, and provide an overall better service to your contractor.

A contractor has to be entered into Surety2000 before a bid bond can be executed. There is no fee for entering a contractor. As you use the system you will enter a contractor when you are entering the first bid bond for that contractor. (You could enter your entire list all at once if you choose.)

Go to the vertical column at the left. Click on "contractors". You can search for an existing contractor or enter "new contractor". Click on "new contractor" and complete the fields on the next screen.

Welcome to the Surety 2000 Bid Bonds Approval Tracking System.

Select one of the Menu Options from the panel on the left or us the search feature below.

You can view your entire data base by leaving the search field empty.

If you have questions, you may refer to the Help button for instuction at anytime.

### Search Bonds By:

Bond Number

©1997 AAWS Web Services

This is the owner main menu. At the bid letting contractors will present "authorization codes". Simply insert the code in the "bond number" field and click submit. The code begins with "s". (surety). The next two letters are the State (il. Illinois). The next two numbers are the year the bond was executed (99). The remaining numbers are unsequenced and selected by the Surety2000 server.

This is the electronic Surety2000 bid bond. The exact date and time of the bid bond approval is archived. The name of the surety and the NAIC code is submitted. This code designates the exact surety and avoids the confusion of similar surety names. The name of the person who executed the bid bond is at the very bottom.

All information that is inserted in bid bond forms is presented here. The bid bond form is herein agreed that it is the form within the specification.

This screen can be printed and retained.

Simply insert the next authorization code in the bond number field and click submit to view the next bid bond.
